E. H. BURSON NURSERY

(SUCCESSOR TO GREEN'S NURSERY)

CLIFTON, N. Y.

GREETINGS:

A new year has arrived and with it has come a renewed hope that Peace and Good Will among men will have a deeper meaning to all of us. We can only hope and pray that a greater understanding of human problems among the Nations of the World will prevent another conflict such as we have just experienced.

We are going forward now with renewed courage, new plans and new ideas which we hope will mean a better future for everyone. In the Nursery Business, we are still handicapped in many ways with a scarcity of many items but we sincerely hope that we may soon be in a position to serve you with a very complete line of Nursery Stock. We appreciate your patronage and will do our utmost to please you in every way.

Most cordially yours,

E. H. BURSON NURSERY,
F. J. SICKLES, *President*

SPECIAL NOTICE

Some of our fruit trees offered this season are **1 yr.**, but they are the best that can be grown, and in many respects preferable to 2 yr. stock—they will be so listed in this catalog.

Due to high cost of all packing materials such as burlap, twine, packing, etc., we are compelled to make a **charge of 40c for handling all orders under \$5.00.**

INFORMATION

To order from catalog, simply make your selection, write your order on the order blank enclosed, with proper prices as listed in the catalog and mail to us in the self-addressed envelope together with your check or money order. A special "How to Plant" Booklet will be sent with your order.

GUARANTEE

We guarantee stock to be first class in every respect and up to size and quality as advertised. If you are not pleased with stock on arrival, please advise and

we will replace items. If any stock should prove to be untrue to name, we will replace upon proper proof or refund purchase price. We cannot assume greater responsibility.

TRANSPORTATION

All our stock is shipped F. O. B. our railroad station with exception of items as are marked postpaid.

TERMS

Payment should accompany orders—this saves expense of bookkeeping records and enables us to sell for less.

WHEN TO ORDER

There is a scarcity of all kinds of fruit trees and bush fruits and we strongly urge you to order early so stock may be reserved for you, and thus avoid disappointment.

OUR SELECTION OF THE BEST APPLES

SUMMER VARIETIES

RED ASTRACHAN. One of the best summer cooking and eating apples. Yellow, splashed with crimson. Sub-acid flavor and good quality. Ripens July. **1 yr., 4 ft., \$1.10 each.**

SWEET PARADISE. One of the newer varieties of sweet apples and considered one of the best. You should try one of these.

YELLOW TRANSPARENT. Most popular early yellow apple. Juicy, mild and tasty. Good filler between vigorous and strong growing varieties. Ripens late July.

AUTUMN VARIETIES

GRAVENSTEIN. Orange-yellow striped light and dark red. Sub-acid flavor and hardy. Fine for pies and sauce. Ripens early fall.

TWENTY OUNCE. Extra large, greenish yellow, striped with red. Juicy, mild and excellent flavor. Good for pies and baking. Ripens early fall.

WILLIAMS RED. Scarlet red, hardy and early. Strong grower. Bears good crop.

WINTER VARIETIES

DBL. RED DELICIOUS. Large, solid red color and of superb quality and flavor. Hardy, good bearer and ideal for home and market.

BALDWIN. Old time commercial favorite. Yields good crop and fine shipper. One of best eating and cooking varieties. Excellent keeper. Bright red.

R. I. GREENING. Unexcelled for cooking and dessert. Good keeper, rich yellowish green color when ripe. Long lived and hardy and an abundant yielder.

McINTOSH. Rightly considered best commercial variety of Northern States and New England. A bright red of the highest quality, unequalled by any other variety except Cortland. Flesh is crisp, tender, and very juicy with a flavor all its own. Ripens in October.

RED SPY. A sport of Northern Spy but of a solid red color with no stripes or splashes. Unexcelled in its rich crispy, tangy flavor. Excellent commercial variety. Ripens in November.

PRICES: 2 yr., 5-6 ft., \$1.75 each

10 for \$16.00

except where noted

Red Delicious

CORTLAND. A sport of the McIntosh with much same color, but larger and overlaid with purplish bloom. About two weeks later than McIntosh. One of the best eating apples grown. Plant with McIntosh to cross-pollinate. Ripens in October.

SPECIAL OFFER FOR SPRING

We have a limited supply of nice 1 year apple trees, 3-4 ft. high, ideal for planting in the following varieties at **\$1.10 each, 3 for \$3.00.**

RED ASTRACHAN. Summer apple (red striped).

CORTLAND. Large winter apple (red).

McINTOSH. Medium winter apple (splashed red).

YELLOW TRANSPARENT. Summer apple (yellow).

DUCHESS. Summer apple (splashed light red)

DELICIOUS. Large winter apple (solid red).

YELLOW DELICIOUS. Large winter apple (yellow).

PEARS

PRICES: 1 yr., 4 ft., \$1.85 each

BARTLETT. Universally known and without an equal as a canning and commercial variety, adaptable to nearly all climates. Fruit is large, golden yellow, tender, juicy with a delicious flavor. Ripens in September.

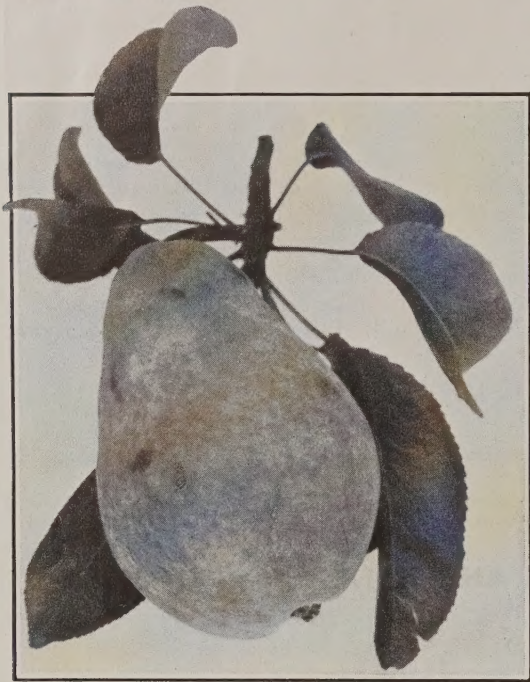

BOSC. A very fine variety with long tapering neck and brownish yellow in color. Flesh is tender, very juicy with a pleasing aroma. Slow grower but very productive. Ripens in October.

SHELDON. A russet color, with a ruddy cheek. Flesh is melting and juicy with a luscious flavor. Very good for culinary purposes.

CAYUGA. A seedling of the Seckel which it resembles, but about the size of a Bartlett, and colored greenish yellow with a dull blush. Not quite so spicy as Seckel and milder.

CLAPP'S FAVORITE. An early variety about the size of Bartlett with a fine juicy texture and a delicate tempting flavor. Pale lemon color with brown dots. Ripens in August.

DUCHESS. A dull greenish yellow, spotted russet. Flesh is buttery with a rich, delicious flavor. Vigorous grower and heavy bearer under right conditions. Ripens in November.

Bartlett

PEACHES OF OUR CHOICE

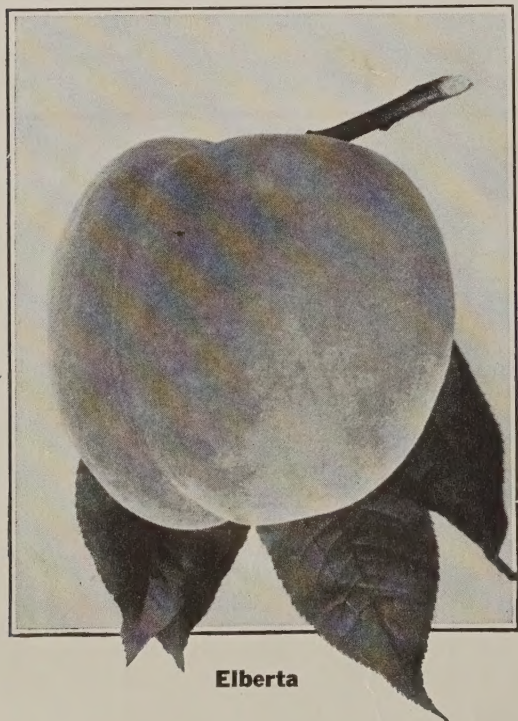

PRICES: Large size, 4-5 ft., \$1.50 each
10 for \$14.00

BELLE OF GEORGIA. White free stone with bright crimson cheek. Delicious to eat out of hand. Hardy and productive.

ELBERTA. The leader of all commercial varieties on the market. Does well in nearly all climates. An attractive peach of fine quality, good keeper and vigorous grower. Large yellow with red cheek, juicy and full of flavor. Flesh yellow and freestone. Ripens Sept. 15-20th.

GOLDEN JUBILEE. In our estimation, one of the best peaches grown. Large size, yellow with crimson cheek, very juicy with a most tempting flavor and very sweet. Wonderful for canning and home use. Ripens early about August 20th.

HALE HAVEN. A cross between J. H. Hale and South Haven. A beautifully colored peach with yellow flesh, freestone, hardy and prolific. Fine flavor. Ripens about two weeks before Elberta. Good shipper. Sept. 1st-5th.

Elberta

J. H. HALE. An extra large golden yellow with carmine overcast. Delicious flavor and good commercial variety. Not as prolific as Elberta. Ripens about Sept. 1st.

ROCHESTER. Yellow freestone and considered one of the finest varieties. Combines quality of Crawford Early with productiveness of Elberta. A fine canning peach but not as large as most peaches. Ripens Mid-August.

• **SHIPPERS LATE RED.** A late variety, following Elberta and becoming very prominent. Large yellow flesh, highly colored on order of J. H. Hale.

✓ **CARMAN.** One of the old standard white varieties. Fine flavored and ideal to eat out of hand. Highly colored and hardy.

PLUMS

BURBANK. Unquestionably one of the best plums grown. Large red fruit with yellow flesh, meaty, juicy, firm and full of flavor—ripens in August. **Hardy 2 yr., 4-5 ft., \$2.25 each.**

BRADSHAW. Large dark purple in color, firm yellow flesh, juicy and sweet. Very hardy. **2 yr., 5 ft., \$2.25 each.**

YELLOW EGG. Extra large yellow fruit. Firm flesh, sweet, juicy and highly flavored. Ripens in August. **PRICES: 2 yr., 5 ft., \$2.25 each.**

Bradshaw

REINE CLAUDE. Rounded, greenish in color, well-flavored and ripens in September. **Price: 2 yr., 5 ft., \$2.25 each.**

FELLENBERG PRUNE. Well-known for dessert purposes, but most valued for market, drying and preserving. Long oval fruit of a purple color, firm flesh, sweet and delicious flavor. Ripens Sept. 25th-30th. **Price: 1 yr. trees, 4 ft., \$2.00 each.**

STANLEY PRUNE. One of the best for home use and commercial planting. Bears fruit in three to four years. Very productive. Large fruit, deep purple sweet and full of flavor. Ripens Sept. 25th-30th. **Price: 1 yr. trees, 4 ft., \$2.00 each.**

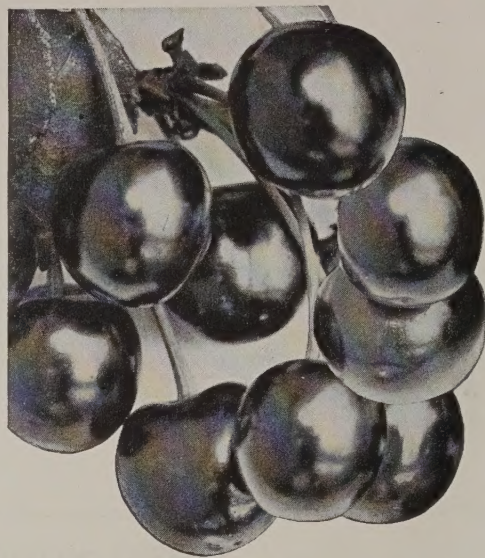

✓ **ABUNDANCE.** Fruit large, red in color with yellow flesh very juicy and tender. Freestone and fine for canning, good yielder. **Price: 2 yr. trees, 5 ft., \$2.25 each.**

Apricots

✓ **EARLY GOLDEN.** A good freestone variety that has fine flavor; skin is smooth, fuzzless and pale orange in color, excellent flavor. **Price: 2 yr. large, \$2.25 each.**

CHERRIES

PRICES: 1 yr., 4-5 ft., at \$2.50 each

Black Tartarian

BLACK TARTARIAN. Most widely-known and popular Sweet Cherry. Large bright purplish black with firm meaty flesh of rich flavor. Ideal for canning and market, ripens July 1st—sometimes known as Black Oxheart.

NAPOLEON. One of the choicest sweet yellow cherries of highest quality, known as White Oxheart. Best for canning and market. Highly flavored with good firm flesh. Ripens July 10th.

WINDSOR. The leading late sweet cherry. Large dark red with firm juicy flesh. Very productive and of excellent quality. Ripens in July.

EARLY RICHMOND (Sour). The best of the early sour varieties, medium size, bright red, changing to dark red, tender with fine flavor. **Price: Large Size, 4-5 ft., \$2.00 each.**

MONTMORENCY. Without question the finest sour cherry grown. Large size, dark red, tender and juicy. Fruit is firm and of unexcelled quality. Ideal for canning and all commercial purposes. **Price: Large Size, 4-5 ft., \$2.00 each.**

Currants

RED LAKE. New giant red currant, grown on long well-filled branches, very hardy, picking season longer than other varieties. **Prices: 2 yr., No. 1 Plants, 75c each, 3 for \$1.95.**

GRAPES of Quality

PRICES: All Varieties Except as Noted
2 yr., No. 1 Vines
60c each, 3 for \$1.65, 10 for \$4.75

CONCORD. The old favorite commercial blue-black variety that is so popular. Unexcelled in flavor. Hardy and productive. Finest of all for juice.

CACO. Super-size, dark pinkish red and of superior quality, very sweet.

NIAGARA. Leading white commercial variety and one of the old favorites. Highly productive and of good quality.

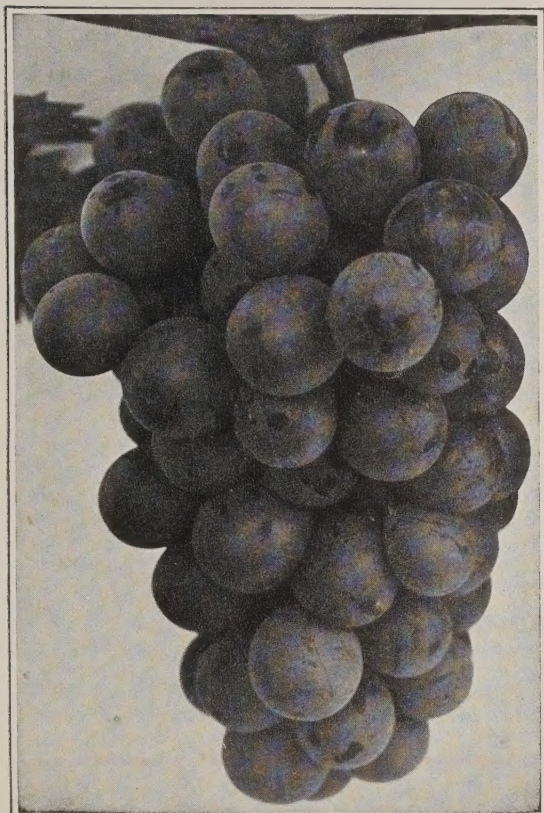

FREDONIA. (New York State Experiment Station Introduction.) One of the leading blacks. Strong vine and productive grower.

PORTLAND. Another New York State Introduction. Extra early white grape of excellent quality and super size.

DELAWARE. Fruit and bunches small but unusually sweet and delicious, light red in color.

GOLDEN MUSCAT. Wonderful new golden yellow grape. Has color and fine aroma of European Muscat. Vigorous vine and productive. Berries are large, juicy and sweet. **Selected 2 yr. Vines, \$1.25 each, 3 for \$3.50.**

CONCORD SEEDLESS. A new garden novelty. Vigorous, hardy plants. Grapes are black, small, of fine flavor with no seeds. **1 yr. Vines, \$1.00 each, 3 for \$2.85.**

Concord

Asparagus Roots

MARY WASHINGTON. This is considered the best variety without question at this time. Strong grower, large stalks, tender and rich in flavor, hardy and very productive. **Price: Strong 2 yr. Plants, 25 for \$2.00, 50 for \$3.75, 100 for \$5.00.**

Sage

The leaves of this plant are used extensively for flavoring dressings and sauces. It is a wonderful convenience to have this in your own garden. **Price: 2 yr. Field-grown Plants, 35c each, 3 for \$1.00.**

Rhubarb Roots

VICTORIA. Large, tender stalks of fine flavor, good yielder, fine for pies and sauce. **Price: Select No. 1 Plants, 30c each, 6 for \$1.60.**

McDONALD'S RED. Considered the finest of all rhubarb, heavy producer, stalks sometimes 2 ft. long, sweeter and more tender, red skin and white flesh, makes best sauce and pie you ever ate. **Price: 85c each, 6 for \$4.90.**

Latham

CUMBERLAND (Black Raspberry). Large firm berry of good flavor and quality. Especially suitable for market and canning. **Prices: 1 yr. Plants, 10 for \$2.10, 25 for \$3.75.**

BRISTOL (Black Raspberry). Produces large, jet black fruit of excellent quality. Meat is sweet and juicy with a real black cap flavor. Very few seeds and a good shipper. **Prices: 10 for \$2.10, 25 for \$3.75.**

BLACKBERRY

ELDORADO (Blackberry). Recommended by us as the most suitable for the various climates, especially for the northern states. Very hardy with jet black fruit, borne in clusters. Sweet and delicious with no hard core. **Prices: 1 yr. Plants, 10 for \$2.10, 25 for \$3.75.**

Boysenberries

NEW THORNLESS. Smooth canes with no thorns. On the order of the old fashioned thimble-berry, with practically no seeds. Meat is sweet and rich with flavor when ripe. Berries large and dark purplish black. Vines should be trained up after first year to about two feet above ground. **Price: 5 for \$1.50, 10 for \$2.50, 25 for \$3.50.**

RASPBERRIES

Raspberries Shipped Parcel Post Prepaid in 10 Lots Only

LATHAM (Red). One of the finest red raspberries grown. Ranks top in commercial market and roadside stands. Large berries, firm, sweet, sub-acid and juicy. Excellent flavor. **Prices: 1 yr. Plants, 10 for \$2.10, 25 for \$3.75, 100 for \$12.00.**

SUNRISE RED. One of the new extra early reds and highly recommended by large market growers. Commands good price on account of early maturity. Fine large fruit of good quality. **Prices: 1 yr. Plants, 10 for \$2.10, 25 for \$3.75, 100 for \$12.00.**

INDIAN SUMMER (New Everbearing Red Raspberry). Introduced by New York State Experiment Station. Summer crop ripens early in July; autumn crop starts in September. Hardy and vigorous grower. Berries are large, round and dark red. Extra fine quality and rich flavor. **Prices: 1 yr. Plants, 10 for \$2.50, 25 for \$5.50.**

SODUS (Purple). We consider this one of the finest purple raspberries grown, fruit is larger, firm and rich in flavor. Ideal for market and canning. Color is deep reddish purple and practically free from Mosaic disease. **Prices: 1 yr. Plants, 10 for \$2.10, 25 for \$3.75, 50 for \$6.75, 100 for \$12.00.**

STRAWBERRIES

All strawberries shipped postpaid in quantities up to and including 100 plants, over that quantity shipped express collect. Prices: 25 plants \$1.50, 50 plants \$2.40, 100 plants \$3.40 on all varieties except the Everbearing.

FAIRFAX. Introduced by U. S. Dept. of Agriculture. One of the largest berries grown. Good firm meaty berry with just enough tang to make it the ideal berry for canning and preserves. Attractive dark red color with bright shiny seeds.

PREMIER. Universally known as the best fine early berry. Large, sweet and of uniform size, good for home use and commercial purposes.

GEM (Everbearing). One of the favorite Everbearing Varieties. Firm red berry with plenty of tang. Bears in June, and again in the fall until snow flies. Fine for the home garden. **Prices: 25 Plants for \$2.00, 50 Plants for \$3.50, 100 Plants for \$5.00.**

FRENCH HYBRID LILACS

PRICE: 2-3 ft., \$1.25 each

CHAS. JOLLY. Flowers double, quite large, very dark wine red with silvery reflex. One of the best dark reds.

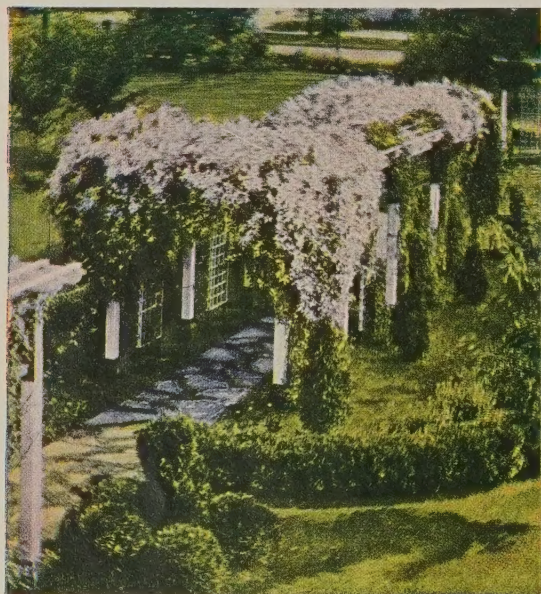

MADAM LeMOINE. Large double white flowers in well-filled clusters. Considered a very fine variety.

LaTOUR D'AUVERGNE. An exceptionally fine double purple with good sized clusters.

VIVIAND MOREL. This variety is an attractive shade of double lilac. It represents the true lilac at its best.

CLIMBING VINES

Can be sent postpaid if you will send 10c extra for each plant.

AMPELOPSIS VEITCHI (Boston Ivy). Foliage is a beautiful dark green, changing to crimson in the fall. Clings to brick or stone walls without fastening. Adds charm and dignity to the home. Price: 2 yr., No. 1, 75c each, 3 for \$2.10.

ENGLISH IVY. Another very popular vine with a dark waxy, green foliage, that is so attractive and so hardy. You will like this vine. Price: 2 yr., No. 1, 60c each, 3 for \$1.65.

EUONYMUS RADICANS (Winter Creeper). An evergreen winter creeper that is strikingly attractive, with long narrow leaves tinted purplish red. Waxy appearance. Prices: 2 yr., No. 1, 60c each, 3 for \$1.65.

PANICULATA CLEMATIS. A rapid growing vine with handsome clear green glossy foliage and medium star-shaped fragrant white flowers in September when few other vines are in bloom. Price: 2 yr., No. 1, 75c each, 3 for \$2.00.

HALL'S HONEYSUCKLE. One of the most popular of all vines, not only as a climber but valuable for covering old walls, banks and low spots. Fragrant white flowers, changing to yellow later in season. Price: 2 yr., No. 1, 50c each, 3 for \$1.40.

POLYGONUM AUBERTI (Silver Lace Vine). Flowers resemble the finest of white lace. Foliage is light green, blooms heavily from midsummer until fall. Known to grow 15 to 20 ft. the first year. Price: 2 yr., No. 1, 90c each, 3 for \$2.50.

CELASTRUS SCANDENS (Bittersweet). The old-fashioned vine that you see during the late fall with the attractive red berries which add so much color and charm at Thanksgiving time. Always a ready sale for these berries for decorative purposes in the fall. Price: 2 yr., No. 1, 65c each, 3 for \$1.75.

CLEMATIS JACKMANI. An outstanding vine, very aristocratic with its very large single purple blooms from July to September. It commands the second glance from everyone. Price: 2 yr., No. 1, \$1.00 each, 3 for \$2.85.

ARISTOLOCHIA SIPHO (Dutchman's Pipe). A rapid growing vine with large heart-shaped leaves. Very desirable where shade is required. Name comes from peculiar brownish flowers, resembling miniature pipes. Price: 2 yr., No. 1, \$1.10 each, 3 for \$3.10.

WISTERIA. Purple. (Bloomed once in nursery). One of the most popular and best-liked of all the old-fashioned vines. Will climb wires, limbs, trellises or conductor pipes with its strong tentacles. Blooms resemble giant clusters of grapes. These will be sure to bloom as they have already bloomed once in nursery row. Price: 3 yr., No. 1, \$1.75 each.

THE ROSE GARDEN

PRICES: 2 yr., No. 1, \$1.25 each
6 for \$7.20

Pink Dawn

VICTORIA HARRINGTON. An intensely fragrant, velvety dark red of unusual quality and merit.

GRENOBLE. Beautifully shaped blooms of scarlet crimson on extra long stems.

SYRACUSE. Double scarlet blooms on a very vigorous upright plant. A very sturdy plant.

BRIARCLIFF. Truly handsome flowers of silvery rose-pink. Worthy of your selection.

PINK DAWN. Perfectly formed pink buds, touched with salmon-rose.

SUNBURST. Rich yellow shaded coppery orange. Very beautiful.

GOLDEN RAPTURE. Long lasting, beautifully formed buds, fully double blooms of rich yellow on long strong stems. A vigorous grower.

TREASURE ISLAND. Flaming coppery pink, inside of petals light salmon, orange at base. Strong stem. Bud, long pointed, flowers large and fragrant.

HEDGE PLANTS

Red Leaf Barberry

BARBERRY THUNBERGI ATROPURPUREA (Red-Leaved Barberry). Very popular for either specimen or hedge planting with its reddish brown foliage and protective coat of thorns. Leaves turn to scarlet in midsummer and fall. Price: 1½-2 ft., 90c each, 3 for \$2.50.

IBOLIU PRIVET. Of the California type with somewhat smaller foliage but much more hardy for the northern climate. Very thick growth which is ideal for a hedge. Price: 1½-2 ft., 10 for \$2.50, 25 for \$6.00, 50 for \$10.50, 100 for \$17.50.

Received highest award of silver medal at San Francisco Fair and certificate of merit at New York Worlds Fair in 1940.

CONTRAST. Long pointed bud opening to large double flowers of pink and bronze, reverse white and bronze. Long stem, vigorous and profuse.

CALEDONIA. Large double white. Long buds opening to large double flowers.

K. A. VIKTORIA. Poplar double of snowy white. Very fragrant.

CLIMBERS

PRICES: \$1.15 each, 6 for \$6.50

PAUL'S SCARLET. Intense scarlet flowers of excellent shape and good size growing in clusters.

GARDENIA. Yellow buds and creamy flowers with rich yellow centers.

DR. VAN FLEET. One of the old time varieties and still considered one of the best. Pale pink buds and flowers on long stems.

Paul's Scarlet

PEONIES

**PRICE: 3-5 Eye Divisions, 85c each
10 for \$7.50**

FELIX CROUSE. One of the finest brilliant ruby reds, blooming in mid-season.

LADY ALEXANDER DUFF. Immense flowers of pale blush pink—blooms in mid-season.

EDULIS SUPERBA. Clear bright rose pink. Extremely early, very floriferous, making a very desirable cut flower variety.

FESTIVA MAXIMA. One of the really fine whites.

KARL ROSENFELD. A clear even bright crimson bloom and one of the best and most reliable.

EVERGREENS

To save you heavy transportation costs, we wrap the roots of our evergreens in wet sphagnum moss, and the weight is reduced 60%.

PYRAMIDAL ARBORVITAE. This formal compact pyramid is densely covered with lacy bright green foliage. Never growing too tall or too broad. It fits perfectly into the entrance or foundation planting and gives distinction to the garden or lawn. **Price: 2½-3 ft., \$4.50 each.**

GLOBE ARBORVITAE. Same type of foliage as Pyramidal, but of real dwarf nature and globular in shape, seldom growing over 2½ feet tall. Ideal to plant in front of taller specimens or under windows. **Price: 15-18 in., \$2.50 each.**

Pyramidal Arborvitae

Canadian Hemlock

CANADIAN HEMLOCK. A hemlock spruce of real beauty with its dainty graceful, slender branches and dark green foliage which is so attractive. **Price: 3-4 ft., \$5.00 each.**

NORWAY SPRUCE. The Christmas tree of the centuries. A tall compact pyramid, well-branched to the ground, with thick short needles of deep green. Hardy and well-adapted to nearly any good soil. Most rapid growing of all spruces. **Price: 3-4 ft., \$4.00 each.**

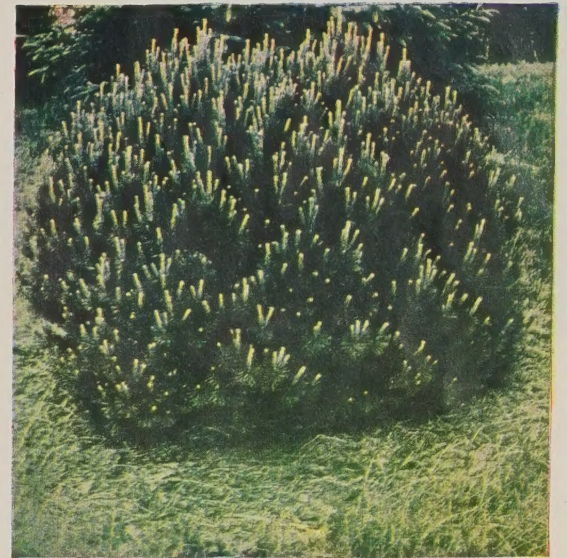

Austrian Pine

AUSTRIAN PINE. Very hardy pine with long dark green needles. Graceful shape becoming thicker each year, will stand considerable drought. Valuable for windbreaks or specimen planting. Grow 30 ft. tall. **Price: 3-4 ft., \$4.00 each.**

Pfitzer's Juniper

PFITZER'S JUNIPER. Handsome feathery blue-green foliage covers arching spreading branches as it develops into picturesque form, dwarfish in habit, seldom over 3-3½ ft. tall. **Price: 1½-2 ft., \$4.50 each.**

Dwarf Mugho Pine

DWARF MUGHO PINE. A real dwarf pine with long needles of dark green, seldom growing over 3-4 ft. high. Annual shearing will keep size and shape. **Price: 1½-2 ft. spread, \$4.50 each.**

TAXUS CUSPIDATA (Spreading Yew). Dark green dense foliage with spreading growth and thick needles of unusual beauty. Will stand considerable shade. One of the hardiest evergreens and becoming more popular each year. **Price: 15-18 in., \$4.50 each.**

TAXUS CUSPIDATA NANA (Dwarf Yew). Real dwarf variety of yew with same type of foliage as the spreading yew but a much slower grower. Seldom grows over 2½-3 ft. high and with shearing every two years will become very thick and attractive. **Price: 15-18 in., \$4.50 each.**

Ornamental and Shade Trees

AMERICAN ELM. Beautiful, graceful growing tree, vase shaped with wide arching top. Suitable for large lawns and street planting. **Price: 6-8 ft., \$1.75 each, 5 for \$7.50; 8-10 ft., \$2.25 each, 5 for \$10.00.**

CHINESE ELM. One of the most rapid growers of all shade trees with small lacy leaves and a well-shaped top. Truly beautiful in every respect. **Price: 6-8 ft., \$2.00 each, 3 for \$5.50.**

Chinese Elm

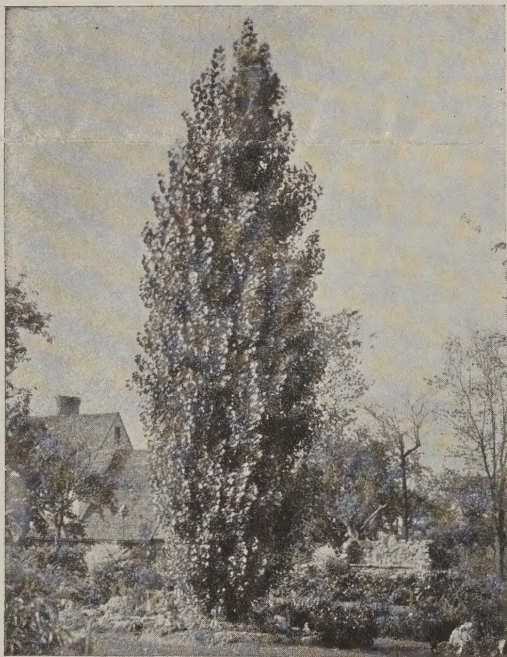

Norway Maple

SILVER MAPLE. A very rapid grower with splendid spreading top, producing abundant shade. Leaves show a silver cast on under side. Fine for specimen planting. **Price: 6-8 ft., \$2.00 each, 3 for \$5.50.**

NORWAY MAPLE. The peer of all shade trees with its well-formed head. Large heart-shaped leaves. Invariably selected for lawn or street planting where beauty and form are so essential. **Price: 8-10 ft., \$4.50 each.**

SCHWEDLER'S REDLEAF MAPLE. A well-formed tree like the Norway with brilliant purplish red leaves in the spring, changing to purplish green in the summer. Autumn shade is scarlet. **Price: 6-8 ft., \$4.75 each.**

CATALPA SPECIOSA (Hardy). A very showy flowering tree, noted for its rapid growth, with large heart-shaped leaves and clusters of white flowers. Long narrow pods appear in the fall. **Price: 6-8 ft., \$1.50 each.**

Lombardy Poplar

MT. ASH. A handsome lawn tree with dark green foliage and clusters of bright red berries appearing late in the season. Grows 20 ft. high. **Price: 6-8 ft., \$2.75 each.**

HONEY LOCUST. A thorny tree with attractive pinnate leaves. Fragrant white flowers in May. Long-lived hardy tree, does well in most any kind of soil, not affected by borers or drought. **Price: 8 ft., \$1.75 each.**

BABYLONIAN WEeping WILLOW. Considered our best-known weeping willow with its long graceful drooping branches and long narrow leaves of silky green. Does best in low moist ground. **Price: 6-8 ft., \$2.50 each.**

LOMBARDY POPLAR. A tall narrow tapering tree, pyramidal in shape, growing 50 ft. high. Excellent for planting along driveways or for a boundary or screen. **Price: 8-10 ft., \$1.25 each, 5 for \$5.75.**

BECHTEL'S FLOWERING CRAB. A beautiful shapely little tree, seldom over 20 ft. high, producing in profusion delicate pink flowers, resembling dainty little roses. **Price: 4-5 ft., \$1.50 each.**

PINK FLOWERING DOGWOOD (Cornus Rubra). A slow growing dwarf tree with abundant pink blossoms appearing very early in spring before the leaves appear, followed by red berries, foliage deep red in fall. **Price: 2-3 ft., \$3.25 each.**

WHITE FLOWERING DOGWOOD (Cornus Florida). Same characteristics as Pink Dogwood except blossoms are white. **Price: 2-3 ft., \$2.00 each.**

JUDAS TREE (Red Bud). Shrub-like tree with irregular head, heart-shaped leaves, with branches covered with delicate reddish pink blossoms before leaves appear in early spring. **Price: 3-4 ft., \$1.25 each.**

FLOWERING CHERRY (Prunus Naden). This variety is one of the finest double pink flowering cherries and grows 15-20 ft. high. Does best on sandy loam, to silty clay soil on a moist, well-drained spot. Really beautiful. **Price: 5-6 ft., \$3.25 each.**

TULIP TREE. This tree is a thing of beauty with its blooms resembling tulips, growing to a height of 50 ft. A most welcome addition to any beautiful garden. Does well in moist loam soil, well-drained, in sun or part shade. **Price: 6-8 ft., \$3.00 each.**

Babylonian Weeping Willow

SHRUBS

They beautify your garden from early spring until the beginning of winter.

ALTHEA (Rose of Sharon). Fall growing shrub, very effective for group or specimen planting with flowers of red, purple, pink, and white. In bloom from midseason until late fall. Available in red, purple and pink. **Price: 2-3 ft., 75c each, 3 for \$2.10.**

DEUTZIA (Pride of Rochester). An early variety blooming in May. Bell-shaped flowers of pinkish white with underside of petals rose. Grows 6-8 ft. high. **Price: Extra Large, 4-5 ft., 85c each, 3 for \$2.25.**

DEUTZIA GRACILIS (Slender). Dwarf dense growing shrub with single bell-shaped flowers in May. Very dainty, hardy and excellent for border or in front of taller specimens. **Price: 15-18 in., 70c each, 3 for \$2.00.**

VIRGINAL MOCKORANGE. This shrub is without doubt the most beautiful of all. The blossoms are semi-double with rather thick petals, white as the driven snow and the fragrance is most delightful. We urge you to try one or several of these. **Price: 18-24 in., 85c each.**

CORONARIUS (Fragrant Mock Orange). Clusters of white fragrant flowers that appear in June. Very attractive. Grows 7-8 ft. high. **Price: 4-5 ft., 85c each.**

FORSYTHIA SPECTABILIS (Golden Bell). Star-shaped golden yellow flowers appearing in April before the leaves come. First shrub to bloom in the spring. **Price: 2-3 ft., 75c each, 3 for \$2.10.**

BUTTERFLY BUSH. Two popular varieties:

Charming. A new variety, bearing throughout the summer and autumn, beautiful long sprays of pink blooms, which compared with other varieties are distinctly pink. **Price: 2 yr., No. 1, 75c each.**

Dubonnet. A new dark wine Buddleia, with firm long spikes and flowers of good size that do not sunburn. **Price: 2-3 ft., 75c each.**

Deutzia, Pride of Rochester

FLOWERING QUINCE. Covered with dazzling scarlet blooms in May, stout branches, armed with thorns. **Price: 1½-2 ft., 75c each.**

HYDRANGEA P. G. Immense clusters of cone-shaped white flowers which change to pink in the early fall. One of the most beautiful shrubs. Makes a fine border. Blooms in August and September. **Price: 2-3 ft., 85c each, 3 for \$2.40.**

HYDRANGEA ARBORESCENS (Hills of Snow). Clusters of snow white flowers from July to September, resembling snowballs. Grows 4-5 ft. high. **Price: 2-3 ft., 85c each, 3 for \$2.40.**

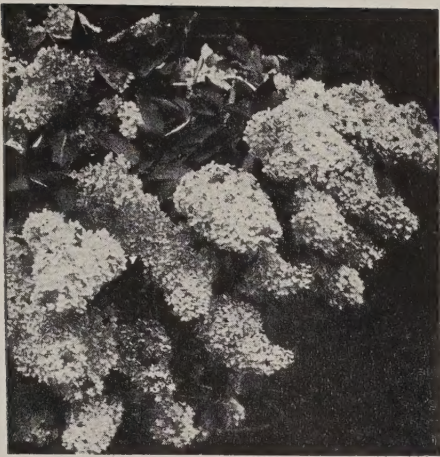

SPIREA VAN HOUTTE. Old-fashioned shrub, with long drooping branches, completely covered with flat clusters of white blooms in May. One of the old favorites. **Price: 2-3 ft., 75c each, 10 for \$6.00.**

SPIREA ANTHONY WATERER. A dwarf variety, growing 3-4 ft. high, covered with large heads of crimson flowers. Ideal for planting in front of higher varieties. **Price: 15-18 in., 75c each.**

SPIREA THUNBERGI. A graceful shrub with lacey-like branches that bear innumerable small white flowers and tiny leaves. Foliage changes to orange and scarlet in the fall. **Price: 1½-2 ft., 65c each.**

Virginal Mockorange

Hydrangea, P. G.

WEIGELIA, EVA RATHKE. Deep scarlet blooms in June and intermittently all season. Dwarfish in habit, growing 3-4 ft. **Price: 1½-2 ft., 90c each.**

RED-LEAF BARBERRY. Reddish bronze foliage in spring, turning to brilliant red in heat of summer. Scarlet berries remain during winter. **Price: 1½-2 ft., 90c each.**

RHODOTYPOS KERRIOIDES (Jet Bead). An attractive light green foliage with white flowers, followed by black berries in the fall. Ideal shrub for shady places and a source of food for birds in the winter. **Price: 3-4 ft., 85c each, 3 for \$2.25.**

VIBURNUM DENTATUM (Arrowhead). This shrub with its very attractive foliage and white flowers in April and May, followed by bluish black fruit, is most beautiful. **Price: 2-3 ft., 75c each.**

PRUNUS TRILOBA. A small attractive tree shrub with a mass of double pink blossoms appearing the full length of the branches early in the spring before the leaves appear. **Price: 3-4 ft., \$1.50 each.**

PERENNIALS For Permanent Beauty

Perennials may be shipped parcel post prepaid at a cost of 5c extra per plant.

Delphinium

AQUILEGIA (Columbine). Informal elegance and stately beauty mark this queen among flowers. Blooms from May to June. Long spurred hybrids. Assorted colors of pink, red, lavender, yellow and blue. **Price: 45c each, 3 for \$1.25.**

CAMPANULA (Canterbury Bells). Tall erect growing plants, completely covered with large cup and saucer-shaped flowers during May and June. Assorted colors. **Price: 45c each, 3 for \$1.25.**

DELPHINIUM (Pacific Giant Hybrid). These are the towering giants developed in recent years on the Pacific Coast. Florets are extremely large, spikes immense and the colors rich and velvety. **Price: 55c each, 3 for \$1.50.**

NUT TREES

BLACK WALNUT. Does well in fertile, well-drained soil. Hardy and grows most anywhere. Produces large nuts with rich kernels of fine flavor. Useful in making confections, nut breads, etc. Grows 40-60 ft. high. Rapid grower. **Price: 2-3 ft., 65c each; 3-4 ft., \$1.00 each.**

PACHYSANDRA TERMINALIS. A ground covering which will grow in all shady places and the only plant which will thrive under pine trees. Used under all shrub plantings and under most evergreen plantings, for shrub and flower bed border, for bordering walks and drives in sun or shade. **Price: No. 1 plants, 1 doz for \$4.00, 25 for \$7.50.**

RA-PID-GRO

Analysis Guaranteed—Nitrogen 23%, Phosphoric Acid 27%, Potash 17%. A new easy to apply all

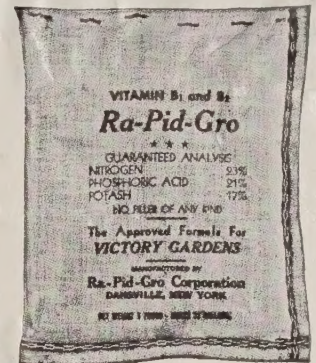

purpose fertilizer. It is packed in dry form and water is to be added by customer to make one of the finest and most economical plant foods on the market. Twenty-two gallons of water should be added to each pound of Ra-Pid-Gro. In other words, each pound of Ra-Pid-Gro makes 176 pounds of liquid fertilizer or plant food, thus saving many dollars in transportation costs. All plant food must be in liquid form before it can be taken up by the plants. For detailed information, write for special folder on RA-PID-GRO.

1 lb. package
\$1.25

2 lb. package
\$2.35

5 lb. package
\$4.50

Average cost of RA-PID-GRO when mixed with water: about ¾c per lb.

Helpful Hints in Growing Nursery Stock

PLANTING INSTRUCTIONS: All the necessary information will be found in the little planting guide sent with every order.

SPRAYING: Conditions vary in the different states or localities so it is advisable to write to your State Experiment Station for a free bulletin on the subject. Our local Experiment Station suggests the following formula for the home orchard or garden:

Wettable Sulphur.....	5 lbs.
Lead Arsenate.....	2 lbs.
Rotenone.....	3 lbs.
Total.....	10 lbs.

This amount is to be mixed with 100 gallons of water. If smaller lots are required, simply use a 1 pound lot with each 10 gallons of water or smaller lots in proportion.

Make application (1) Before Bloom, (2) After Bloom, (3) Memorial Day, (4) Fourth of July.

Effective on fruits and roses, including apples, pears, cherries, and plums and also on vegetables such as tomatoes, potatoes, beans, cucumbers and melons. **THIS IS NOT FOOL PROOF** but it is satisfactory for the home garden and orchard.

POLLINATION: In Apples, varieties such as McIntosh, R. I. Greening, Gravenstein and Red Spy should be planted with varieties such as Cortland, Delicious and Baldwin as the former set little fruit without the assistance of a good pollinator. Cherries should also be planted in lots of two, each one a different variety as one will pollinate the other. In Plums, two different varieties should be planted for

pollination with the exception of the Fellenberg and Stanley prunes which are self-fruitful. With Peaches, all the varieties listed in our catalog are self-fruitful, with the exception of the J. H. Hale. Another variety should be planted with this peach. Apricots require cross-pollination so it is necessary to set out two trees to insure a set of fruit.

BEARING AGE: Much depends on the variety so we have tried to strike an average. After Planting,

2 yr. Apple Trees:	
McIntosh.....	3-4 yrs.
Cortland.....	2-3 yrs.
R. I. Greening.....	3-4 yrs.
Red Spy.....	5-7 yrs.
2 yr. Pears.....	3 yrs.
2 yr. Plums.....	2-3 yrs.
2 yr. Sour Cherry.....	2-3 yrs.
1 yr. Sweet Cherry.....	4-5 yrs.
1 yr. Peach.....	2-3 yrs.

Strawberries and Raspberries will bear well the year following planting.

MOST RAPID GROWING SHADE TREES

The Chinese Elm is by far the most rapid grower of all shade trees, however the wood is soft which means the branches will sometimes split under a heavy weight of ice or sleet unless they are kept properly trimmed.

The Silver Maple is another very rapid grower and the branches are heavier and sturdier than the Chinese Elm but not so strong as the Norway or Hard Maple.

The Hardy Catalpa is also a fast grower but more of an ornamental tree.

NUMBER OF PLANTS OR TREES NEEDED PER ACRE

Multiply the distance the plants are to be set apart by the width of the row. This result divided into 43,560, the number of square feet per acre is the number of trees required for an acre.

PLANTING DISTANCES

Variety	Age of Bearing	Distance Apart	Number per Acre
Apples, Standard.....	2-7 yrs.	35 x 35 ft.	35
Apples, Dwarf.....	2 yrs.	15 x 15 ft.	193
Apricots.....	3 yrs.	20 x 20 ft.	108
Asparagus, Field Grown.....	2 yrs.	2 x 5 ft.	4,356
Asparagus, Garden Grown.....	2 yrs.	15" x 3 ft.	10,249
Blackberries.....	1 yr.	4 x 6 ft.	1,815
Blueberries.....	1-2 yrs.	3 x 6 ft.	2,420
Boysenberries.....	1 yr.	3 x 4 ft.	3,630
Cherries, Sour.....	2-3 yrs.	20 x 20 ft.	108
Cherries, Sweet.....	3-4 yrs.	25 x 25 ft.	69
Currants.....	2 yrs.	4 x 4 ft.	2,722
Grapes.....	2 yrs.	6 x 8 ft.	907
Peaches.....	2-3 yrs.	20 x 20 ft.	108
Pears, Standard.....	3-4 yrs.	20 x 20 ft.	108
Pears, Dwarf.....	2 yrs.	15 x 15 ft.	193
Plums.....	2-3 yrs.	20 x 20 ft.	108
Quinces.....	1-2 yrs.	15 x 15 ft.	193
Raspberries.....	1-2 yrs.	3 x 6 ft.	2,420
Strawberries, Field.....	1 yr.	1 x 3½ ft.	9,900
Strawberries, Garden.....	1 yr.	1 x 2 ft.	21,780

Foxglove

FOXGLOVE (Digitalis). The hardy plants have blooms resembling bells and hang downward from the stems. Spikes are 4 ft. long and colors range from apricot, buff, heliotrope to pink assorted colors. **Price: 45c each, 3 for \$1.25.**

HEUCHERA (Coral Bell). The evergreen foliage is a rich green—plants are sturdy. Flowers a clear deep pink on stems a foot tall. **Price: 45c each, 3 for \$1.25.**

Chrysanthemums

PRICE: 45c each, 3 for \$1.25

ALGONQUIN. Large clear showy yellow double with spreading growth. Blooms in early September. 2 ft.

POHATCHONG. Plants are of such compact growth, they present a mass of clear pink, early, large flowered and hardy. 2 ft.

CYDONIA. It has the rich orange red color of the flowering quince with bronzy overcast. The sprays of flowers are beautiful and very attractive to the eye—one of the best.

MANANTICO. Government variety. Low bushy growth, producing semi-double, pale rose flowers with yellow center outstanding.

SNOWFLAKE. A very fine white variety of sturdy growth that commands a place with the best.

RUTH CUMMINGS. A reddish bronze of unusual beauty. Blooms about first week in October, very good variety.

CUSHION GROUP "MUMS"

BRONZE CUSHION. Warm bronzey rose, medium size flowers, mass of blooms in late September.

PINK CUSHION. Plants are mounds of shaggy soft pink flowers from August to October.

RED CUSHION. Deep red with bronzy yellow reverse and yellow tipped petals. Blooms in late September. Somewhat taller than others.

Bronze Cushion

PHLOX Price: 45c each, 3 for \$1.25

AFRICA. Brilliant carmine red with blood red eye. Well-shaped flower heads, good strong stem and not subject to mildew.

ROSENBERG. One of the few purple phlox that has a fresh, rich coloring, true to form. You will want this variety for its richness of color.

VON HOCKBERG. A brilliant phlox of outstanding merit and quality. Most attractive to the eye.

EIFFEL TOWER. Nice white phlox with a red eye, producing a most unusual color combination. Beautiful.

STARLIGHT. An unusual variety, pastel lavender orchid shade with white center. Most attractive.

MINNIE WEST. Rich lavender pink flowers with crimson eye, distinct and beautiful.

JULY LIGHT. A bright carmine red with blood red eye. Very showy.
